OFFERS LIVE

ONE PLATFORM
EVERY OFFER TYPE
ZERO COMPROMISE

Your choice - private treaty, timed sales, EOIs, tenders, or your own custom sale process - all managed in one platform, with AI insights to guide your advice.

From Messy to Managed: The Power of Offers Live

Before Offers Live

- Scribbled handwritten notes
- Missing conditions on emails
- Cryptic text messages
- Verbal offers not documented
- Confusion over who said what
- Sticky notes that go missing
- Buyers changing terms via text
- No clear audit trail
- Different formats for every offer
- Relying on gut feel instead of data

After Offers Live

- Digitally recorded offers, time-stamped and organised
- All terms and conditions captured in structured fields
- Clear, complete submissions via secure online forms
- Every offer, every detail, every insight - captured and stored
- Full timeline of buyer submissions and updates
- Centralised dashboard with all buyer activity
- Every offer version clearly logged and time-stamped
- Full offer history accessible by agent and principal
- Consistent, vendor-ready format with side-by-side comparisons
- AI insights to spot trends and guide vendor advice

Offers Live: where every offer comes with the full picture. Because the best offer isn't always the biggest number.
